

KHIM REAKSMEY

IT STUDENT | ASPIRING SOFTWARE ENGINEER

I am a motivated and responsible Information Technology Engineering student seeking an opportunity to gain practical experience in a professional working environment. I have a strong interest in software development, particularly web and mobile application development, and I am continuously improving my technical and problem-solving skills.

I am a fast learner who is willing to learn new technologies, take on new challenges, and work effectively as part of a team. I am eager to apply my knowledge to real-world projects, contribute positively to the organization, and continue developing my skills as a future software engineer.
